Who are we?

A bold group in the Moroccan market

Founded in 1995 by Farid Bensaid, Ténor Group is an investment and management company operating in promising sectors for the Moroccan economy.

Since 2005, Ténor Group has been pursuing a sustained development policy around its 6-business hub, thus becoming a major group within the Moroccan economy. The group is constantly seeking to strengthen its positions in high value-added businesses where it is already very present, such as insurance and nearshoring.

International development is also on the agenda with operations in several African countries.

A group structured around 6 business hubs

1

HIGH VALUE-ADDED B2B SERVICES

Allowing companies to refocus on their core business by offering them high value-added services

2

POLE TECH

Leveraging innovation and digital services to improve the customer, employee and user experience

3

POLE RETAIL

Developing opportunities, particularly in distribution and fast food

4

REAL ESTATE DIVISION

Promoting our expertise in the management and development of shopping centers

5

SPONSORSHIP CULTURAL

Developing and supporting actions to spread classical music in Morocco

6

SIGNIFICANT PARTICIPATIONS

Supporting the development of emerging professions in Morocco

Our history and our figures

Created in 2009, THAÏS is a major player in Property Management and Facility Management in the Moroccan territory. It operates mainly in the following fields:

Operating throughout Morocco, THAÏS' main customers include owners, investors, users and co-owners' associations for the management of offices, industrial units, hotels, ERP, commercial spaces and residential complexes.

Through its subsidiary THAÏS ATALIAN AFRICA, it also operates in several African countries, notably Benin, Ivory Coast and Senegal.

Asset Management

THAÏS elaborates master plans in order to optimize the financial performance of your assets (yield, capital gain, etc.).

Our Asset Management offer includes :

- Definition and implementation of the investment strategy
- Recommendations in the optimization and valorization of real estate assets
- Assistance in the technical and environmental restructuring of assets

Rental management

Through rental management, we target the optimization of financial performance while meeting the evolving needs of the occupants.

Very attentive and available, our property managers take care to anticipate problems through preventive solutions and maintain good communication.

We manage the administration of your leases and the relationship with your tenants by providing you with the following skills :

- Legal
- Accounting
- Technical
- Establishment / Renewal of leases
- Customer reporting

Association of co-owners

THAÏS offers you much more than a rigorous management of your co-ownership. Thanks to its expertise, THAÏS contributes to the control of co-ownership charges and to the enhancement of your assets.

The managing agent carries out the decisions voted during the annual general meetings.

He works under the control and with the assistance of the trade union council.

To successfully manage your co-ownership, THAÏS is assisted by experts specialized in the legal, financial and technical fields for the following aspects:

- Maintenance and conservation of the building
- Financial and administrative management
- Recommendations
- Conciliation

Services for occupants

Facility Management combines multi-technical maintenance and multiservices.

THAÏS integrates a wide range of services as a single provider, taking overall responsibility for meeting the expectations of its customers, in accordance with the required standards.

Our strong experience in various sectors and in multi-site operations puts us in a unique position to offer customized Facility Management services to companies, while balancing service, quality and cost.

Our mission is to provide our clients with innovative services to enhance the performance of their buildings and ensure the comfort of their occupants.

Multi-technical maintenance

Multi-technical maintenance allows you to:

1. Enhance the value of your real estate assets by ensuring the durability of your equipment and the programming of improvement work
2. The guarantee of a high reliability of the equipment
3. Control of maintenance costs

The scope of action of our maintenance and works teams includes :

- Air conditioning / ventilation
- Plumbing
- Electricity
- Video surveillance
- Access control
- Fire detection
- Automatic doors / barriers
- Lifting equipment
- Secondary works

Multiservice

Multiservice consist in offering various services to ensure a local, efficient, responsible and comfortable service.

THAÏS adapts to the specificities of its customers and proposes a global offer of tailor-made services that best meets your economic objectives and considers your corporate culture.

Among the main multiservice, THAÏS offers:

- Security guarding
- Cleaning services
- Rat and insect control (2D)
- Maintenance of green spaces
- Reception
- Other services (logistics, purchasing, courier, driver, etc...)

Organization of office space

THAÏS offers you a complete range of services to ensure that your design project is successful and that your workspaces contribute to the well-being of your employees and the profitability of your business through the following missions:

- Assistance to the project owner
- Delegated project management
- Turnkey contract

Thus, we intervene at the level of the layout, the realization of the specifications, the budgeting and the project management.
